INQUIRY

Rep. Weber: Mister Speaker, where in our House Rules does it require that a veto be placed on an agenda rather than in the House calendar where the veto message has been published for a number of weeks?

Speaker O'Brien: Again, this question keeps on coming up. I harken you back, Representative, to your presence on the House floor when the minority leader made the same ruling with regards to the medical marijuana veto bill. It established precedence in this House that the Speaker places the veto on the agenda. [Senate messages.] What is your further inquiry?

Rep. Weber: Further inquiry, Mister Speaker. Were the House Rules, as adopted this year, not changed to say that the House Rules themselves, as printed, control over House precedent and is it not true that there is no mention in House Rules of an agenda, there is only a mention in House Rules of a calendar?

Speaker O'Brien: We are not inconsistent and the ruling of the Chair is not inconsistent with House Rules. The Chair recognizes the House Clerk for a Senate Message. For what reason does the member rise?

Rep. DeStefano: I want to appeal the decision.

Speaker O'Brien: Which decision?

Rep. DeStefano: The one that you just made.

Speaker O'Brien: Could you restate the decision? Could you restate the decision, Representative, that you challenge?

Rep. DeStefano: I am challenging the decision that you just made for Representative Weber.

Speaker O'Brien: The question before the House is shall the ruling of the Chair relative to the setting of the agenda be sustained? Are you ready for the question?

Rep. DeStefano: This is a debatable issue.

Speaker O'Brien: Do you wish to be heard on your challenge? You can be heard on your challenge.

Rep. DeStefano: Thank you, Mister Speaker. About a year ago, Mister Speaker, a very wise State Representative from Mont Vernon stood up here in May and there was a veto message in front of the House and it was in the calendar and he made two points. The first was Part II, Article 44 of the Constitution states that when a bill is vetoed, it shall be returned the legislative body from once it came who shall then enter the veto message into their House Journal and proceed to consider it. The second point, Section 755, Part 3 of Mason's states, "Legislation returned by the Executive with objections is usually considered promptly." After those statements were made, the Speaker of the House agreed with that Representative and we voted on that veto message. So my question, Mister Speaker, is can we do that now?

Speaker O'Brien: Have you concluded your remarks, Representative?

Rep. DeStefano: Yes I have.

Speaker O'Brien: The Chair recognizes the member from Hudson, Rep. Jasper to speak on the challenge.

Rep. Jasper: Thank you, Mister Speaker.

Speaker O'Brien: You are called to order, Representative (DeStefano), if you have concluded your remarks. You may proceed.

Rep. Jasper: Thank you, Mister Speaker. As we have discussed and you have ruled before, the veto is in the possession of the Speaker and it is within the prerogative of the Speaker to decide when the vote comes to the House. I think that is proper. That is the way it has always been done to the best of my recollection and it is certainly the proper way to conduct the business of the House. I would strongly urge the House to uphold the ruling of the Speaker. Thank you.

Speaker O'Brien: For what reason does the member rise? You are recognized to speak to the motion.

Rep. Weber: Thank you, Mister Speaker. With respect to the challenge on publishing matters in an agenda before they can be voted on by this House, I don't remember any practice and precedent ever cited including on this issue except for two weeks ago when it was stated that something must be published in an agenda. Our Rules which specifically control over practice and precedent, speak to publishing of veto messages in the House Calendar which has been done. I don't know what the agenda is or what rule the agenda is referred to in, but I know that our House Rules do not refer to agendas. The House Rules control over practice and precedent and whatever agenda we are speaking about is not distributed either to members of this House or to members of the public so no one other than recipients of whatever agenda we are talking about would have any knowledge of what was to be decided by this body today and that would violate both our House Rules and our Constitution, Mister Speaker. I ask that the body vote to sustain the Constitution, sustain our House Rules and not sustain the ruling of the Chair. Thank you.

Speaker O'Brien: The Chair takes the question. The Chair recognizes the member from Bartlett, Rep. Chandler to speak to the challenge.

Rep. Chandler: Thank you, Mister Speaker. I would only state that I realize this is a very emotional issue. Both sides are trying to make a point about when they want a vote on this matter to take place. I can only tell you that I think it was back in 2003 when I happened to be in that position where the Speaker is presently and much to the Clerk's great consternation and argument with me, I took up vetoes in January, the first morning we came back to start the second year of the Session. I can only tell you that it is the prerogative, it always has been, of the Speaker to do the veto when he sees fit. Thank you.

SENATE MESSAGE**ADOPTION OF COMMITTEE OF CONFERENCE REPORT**

HB 622, relative to adjustments to the semi-annual and quarterly collection of property taxes in towns and cities.

COMMITTEE OF CONFERENCE REPORT ON HOUSE BILL

HB 622, relative to adjustments to the semi-annual and quarterly collection of property taxes in towns and cities. (Report printed SJ 6-22-11)
Committee of Conference Report adopted.

SENATE MESSAGE

The Senate has voted to override the Governor's veto on the following bills:

HB 109, relative to residential fire sprinklers.

HB 133, relative to the minimum wage.

HB 329-FN, requiring parental notification before abortions may be performed on unemancipated minors.

MOTION TO PRINT DEBATE

Rep. Jasper moved that the entire debate on **HB 329-FN**, requiring parental notification before abortions may be performed on unemancipated minors, be printed in the Permanent Journal. Adopted.

DEBATE ON HB 329-FN

Rep. Rowe: I thank you, Mister Speaker. Mister Speaker, I bring great joy. Everyone that is going to speak on this bill, on the override, has agreed to speak less than three minutes and only address issues mentioned in the Governor's veto message. So this will be short. I will address the procedural issue. The others will address substantive. I would like you to turn, if you look at the message, I will read it, "If the legislature works with me on this change and the other limited, common sense changes outlined in this message, I would sign parental notification legislation." As Chairman of the House Judiciary Committee, I run a very open and inclusive Committee. I try to bring everyone to the table, listen to everyone and hopefully bring consensus. This is important and in this bill, I did, but, "If the legislature works with me." The Governor or any of his representatives never showed. Had they showed and given suggestions or amendments, we probably would have accepted them. I don't know what they are, no one came forth. This is one sentence in here that is nothing more than a smokescreen and I'm sorry to see it end there. It's an insult to anyone that tries to work with both parties. I encourage you to vote green. Thank you.

Rep. Giuda: Thank you, Mister Speaker. I was proud to give the majority report on this bill when it passed this body and I'm proud to stand here today to ask you to override the Governor's veto. I can guarantee that the Committee thoughtfully considered every concern raised in the Governor's veto and it is in the bill. We passed this pro-family, pro-parent and pro-child legislation by a wide margin and I say let's show the Governor that we mean business. I just want to address the Governor's three issues. The Governor stated that he wanted to see an exception made for victims of rape, incest or abuse. However, this bill already has a broader exception so that a child that is not comfortable with her parent or guardian being notified for any reason, including rape, incest or abuse, can seek judicial approval by a simple bypass. It's already in the bill and the Governor knows it. That objection is a smokescreen. Further, no U.S. Supreme Court decision on a case such as this required an exception that the Governor talks about because our exception is already broader. And finally, rape, incest and abuse are crimes. By requiring the involvement of either a parent or a court, these crimes will now be recorded, something that's not happening now. Second, the Governor wanted to change the language "substantial and irreversible" with regards to a physicians' judgment. He called it "unworkable, complex and too narrow." Well, Governor the U.S. Supreme Court disagrees. Justice O'Connor rejects that exact language in *Planned Parenthood vs. Casey*, 1992 and said, "The medical emergency definition imposes no undue burden on a woman's abortion right." If it passes the U.S. Supreme Court, it certainly should pass our muster. Finally, the Governor is worried that abortion providers who fail to comply with the law may be subject to criminal or civil penalties and that the guidelines are unclear. Another smokescreen, a ridiculous smokescreen. Do we really believe that doctors who've completed higher education can't comply with the parental notification law? If you believe that, then I'll help you by providing you with the first step. Notify the parent. It's not hard, it's very simple. This excellent bill brings New Hampshire in line with 43 other states that require either notification or some actually require consent. If you believe that children need their parents involved in these monumental life decisions, then support this bill again and support the override and let's make it law. I ask you to support the House and Senate position, join the 43 other states in reinforcing parent's rights and protecting children. Thank you.

Rep. Chase: Thank you, Mister Speaker. Respected colleagues, I rise in support of the Governor's veto of HB 329 and I ask you to consider sustaining this veto as well. I have watched with great interest the email exchanges that have gone on for nearly a week now. Most messages have come from a mostly small geographical area within our state asking, no demanding, that I vote to override the veto. I cannot do this. It is important to point out that the vast majority of New Hampshire families provide loving and stable homes for their children. This law does not apply to those families. Children in crisis from such homes will turn to their parents who have provided for and protected them since birth. They do not need this law. Sadly, not every home is a wonderful home or a loving home. Some homes are abusive even sexually abusive. Some children are coerced into having sex with family members. Sexual abuse is real. It happens in New Hampshire. It happens in New England and it happens all over this country. It is not just an inner-city issue. It's not a class issue

either. It happens in religious homes and secular homes. It could be happening in your town and even on your street. Here are just three examples that I have personally dealt with in my professional career. No, I cannot give you any more details. These cases are governed by federal privacy regulations, but here is case one. A girl removed from her home when she was three, was bounced around between several foster homes and a failed adoption. She was sexually assaulted by a male living in her foster home when she was eight years old. A potential adoptive father raped her at fourteen. Who would this girl report to for permission to have an abortion? Case number two. A young high school student reported that her father forced her to have sex with him so she would "Know what it feels like." Had she needed an abortion, how supportive would this father likely have been? Case number three. Two brothers, age 15 and 13, were pimping their six-grade sister to make money. The school found out about it when the school nurse suspected that the young girl was pregnant. Her normally high grades had plummeted and she was becoming anorexic because she thought her stomach was too fat. This is reality; it's not made up horror stories. These stories are real. I have known them. This legislation is about children such as these that need protection of this legislation. This is not about your good and responsible parents. It's about the most abused and vulnerable children in our state. I have read several emails where writers express the opinion that this legislation is unnecessary because there are so few of these sexual abuse cases in New Hampshire. To those I would ask just how many vulnerable girls have to suffer like these girls have in order to protect the illusion that it is an attack on good parenting. Are two enough? Three? Five? Do we still believe in some form of human sacrifice of children? Must abused and vulnerable girls suffer to pay for the manufactured fears of the many? Those who need your response to this legislation appear to know only half of the story. My fellow legislators, this is the other half. Please join me in sustaining the Governor's veto so that we can protect all of New Hampshire's children. Thank you for your attention and I will not be taking any questions.

Rep. Souza: Thank you, Mister Speaker. Thank you colleagues and I want to say thank you for your patience with this bill over the years. Thank you for your support for this bill over the years. We think we have it just right. We are very pleased with it. It meets all constitutional requirements. It meets the Governor's previous off-stated concern. It provides for young women in bad circumstances who do not want to go to their parents. The judicial bypass is about the strongest in the country. The wording on the health has been perfected. It is acceptable to the U.S. Supreme Court. It's acceptable to all the other states that have it with no problems. The time has come for this bill. Again, I thank you for your patience with it and let's do the right thing. Get it into law now. Thank you so much.

Rep. Bouchard: Thank you, Mister Speaker. The Governor's veto message clearly states he supports parental notification and would sign notification legislation if reasonable, common sense changes were made such as it is not unreasonable not to exempt victims of rape or incest or abuse. It is unreasonable and it is also cruel for the victim of the abuse to have to notify her abuser. HB 329 does not stand up and protect the fundamental right of the teenage girl to be free from violence and have access to safe healthcare. We have a moral obligation to protect teens in a violent home. This bill fails to do that. This bill potentially protects the abuser and I know in my heart that is just wrong. It is not reasonable to criminalize medical providers. HB 329 also has a criminal penalty, a misdemeanor for medical providers and very vague language. Given how we have tried to protect the doctor/patient relationship with Lyme disease, this is a very harsh approach that singles out abortion. HB 329 may appear constitutional, but the real test of the judicial bypass will come with implementing it. What if a young woman knows or is related to the clerk or the security guard at her closest court? How is a young woman in Keene going to have confidential access when the court is housed in city hall? I am concerned that our court system is just not up to the task of providing the kind of confidentiality that is required. This is not easy to do. Even the big urban court systems have had problems. In fact, that is why the Illinois' parental involvement law was challenged and is not being allowed to be in force. It will be the state's responsibility to ensure the teen has confidential access to the courts. Another thing to consider is the standard for a judge to exempt a teen from notifying a parent does not include rape, incest or abuse. The lack of clarity means that a teen that has been abused in some way could be forced to notify the abusing parent. Our courts were not asked how they would implement this policy of 24/7 confidential access and I don't think it will be easy for them to do and it will be costly for them to do and there was no money put in the budget for this provision. If New Hampshire were to have a parental notification law, it should honor our state's commitment to limited government and our tradition of reasonable common sense laws. As elected members of this body, we have an obligation to pass reasonable common sense laws that

can be implemented. You may agree with the title and the intent of HB 329, but it is the language we are voting on. The Governor stated in his message that he would sign a parental notification law if his concerns are addressed. A bi-partisan amendment was offered in the Senate and would have addressed the Governor's concerns and there is a starting point. In the House hearing, the public hearing in the House, many people addressed the problems with the judicial bypass and other issues that were brought up in the Governor's veto message. Voting to sustain the veto is not a vote against parental notification, but a vote to work with the Governor for a law that is right for New Hampshire parents and protects teens and violent homes. A teen potentially having to notify her abuser is just morally wrong. HB 329 is dangerous and extreme public policy and it is questionable whether it is constitutional so please vote to sustain. Thank you very much.

Rep. Groen: Thank you, Mister Speaker. I have a news bulletin. Two women came to Judge Judy and stood before her. One of them said, "Judge Judy, this woman and I live in the same house. I had a baby while she was there with me. The third day after my child was born this woman also had a baby. We were alone. There was no one in the house but the two of us. During the night this woman's son died because she laid on him. So she got up in the middle of the night and took my son from my side while I was asleep. She put him by her breast and put her dead son by my breast. The next morning I got up to nurse my son and he was dead. When I looked closely at him though in the morning light I saw that it wasn't the son that I had born. The other women said the living son is my son, the dead one is yours." But, the first one insisted, "No the dead one is yours, the living one is mine" and so they argued before Judge Judy. So Judge Judy said, "This one says my son's alive. The other says no your son is dead." So Judge Judy said, "Bring me a knife." So they brought a knife to the judge. She then gave an order to cut the living child in two and give half to one and half to the other. The woman whose son was alive was filled with compassion for her son and said, "Judge Judy please give her the living baby. Don't kill him." But, the other said, "Neither I nor you shall have him. Cut him in two." Then Judge Judy gave her ruling. "Give the living baby to the first woman. Do not kill him. She is the mother." Then all of America heard the verdict that Judge Judy had given and they held her in awe because they saw that she had wisdom from God to administer justice. It's apparent that some of you recognize this story and that I have been playing fast and loose with the name of the judge. For over 3,000 years, we have been talking about the wisdom of Solomon and this is why. But, still after 3,000 years we are still struggling with the issue of the ownership of children. Some want to own children for the purpose of raising them and others say they own them and it is their prerogative if they want to take knives and cut them in pieces. This law doesn't cut the legality of abortion. I wish it did, but it doesn't. It is only about the sharing of information with responsible parties, the parents and of course we have all talked about the bypass. Now comes the Governor talking of rape. It's not about rape, it's about parental rights. But, if the Governor wants to talk about rape, let's talk about rape. I'd ask you to consider this. There is my wife and she is pregnant from a normal love relationship. There is my sister as a result of rape. Which of these children deserves to die? The answer is obvious isn't it? Now, if we go forward with this solution and my sister needs to have an abortion, now we have two victims. We have my sister who has been raped and we have her baby that is now dead. Before we had one perpetrator, the rapist over here and now we have two perpetrators. One of them is my sister who affected the death of her child. Only the government can come up with a solution that solves a problem by creating twice as many problems. My question is this for you Governor and for those who support you in this. If as a result of pregnancy that results from rape someone must die, let's kill the rapist. Mister Speaker, let's override the veto and pass this reasonable law.

MOTION TO PRINT DEBATE

Rep. Keans moved that the entire debate on **HB 1-A**, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2012 and June 30, 2013 and **HB 2-FN-A-L**, relative to state fees funds, revenues, and expenditures, be printed in the Permanent Journal.

Rep. Vaillancourt spoke against.

On a division vote, 167 members having voted in the affirmative and 173 in the negative, the motion failed.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today, it be to the Call of the Chair.

Adopted.

UNANIMOUS CONSENT

Reps. Tucker and Pelletier addressed the House.

MOTION TO PRINT REMARKS

Rep. Hikel moved that the remarks made by Rep. Tucker be printed in the Permanent Journal.
Adopted.

REMARKS

Rep. Tucker: Thank you, Mister Speaker. I promise to be quick. Many of us in the comfort of this Chamber, we talk about freedom and liberty but there are few of us who have put ourselves in harm's way to defend and preserve the freedom and the liberty we enjoy. To those who have, we owe our most sincere gratitude, respect and our prayers. Our colleague, Rep. Lynne Blankenkemper, is such a person deserving of those accolades. Next week, she will deploy to Afghanistan on her fifth tour of duty with the United States Naval Reserve. To put herself in harm's way, working in the hot zone as a nurse on medivacs and assisting in emergency surgeries. Our state and our country are great because of the steadfast principles upon which they were founded of freedom, liberty and democracy. I rise today to recognize that it is Rep. Blankenkemper and those in uniform who have fought to protect those principles. Thank you for your service, patriotism and sacrifice Rep. Blankenkemper.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Pelletier be printed in the Permanent Journal.
Adopted.

REMARKS

Rep. Pelletier: Thank you, members of the House and Speaker. I rise for unanimous consent to honor Bill McCann who was a Representative here and who died in early May. For me, he was a mentor to me in politics and he also watched over me and supported me in my professional life as well. So for those years, I have created a poem and I'll be very short. This has to do with towers.

Towers

There are those towers in our life
who stand high above the rest,
a rite of passage, a signpost for direction,
a compass pointing north, someone to emulate
beyond price, because it was meant to be.
There are towers that help build firm foundations,
when we do not have a clue how to start,
who see the horizon that will carry us the distance
when we only see dirty windows, clouded over
and smell rotten trash scattered among our streets,
or feel the rumbling of adversity in our stomachs,
a chanced thief waiting for relief.
We have not yet found our voice on an empty page,
but somehow you knew it was there:
Inspiration, perspiration, desperation that cannot wait,
out of the box, into the open, not a human mistake.
Behold God breathing the same air we take in.
Engage, create, capture a single turning moment.
Towers will hold us up, reminding us who we are,
who we have to thank: our parents, our friends,
our nation, and the yet unnamed futures
that walk a century in the shadow of standing towers
that make us proud.
Our page is no longer blank.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Dover, the Honorable William McCann.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of receiving Senate messages, enrolled bill amendments, enrolled bill reports and veto messages from the Governor.
Adopted.

The House recessed at 5:55 p.m.

HOUSE JOURNAL No. 23

Wednesday, September 14, 2011

The House assembled at 1:00 p.m. and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Almighty Lord, we return this day to do our duty for those we serve. Refreshed by nature and good friends we come again to the work of those we respect: the people – our constituents. We lift up our members and their families who need healing and Your good counsel. Give us strong hearts to legislate fairly; strong minds to be just, and strong spirits to be sisters and brothers in defending our country. We pray, Lord, that You keep us alert to the history of September 11th, for its 17th century meaning is not separated from that of the attack upon us ten years ago. We have learned from You that brutality is not an inevitable consequence of irresistible historical forces, but the result of a betrayal of human reason and gracious hearts. Give us hope always, then, Lord, that we might associate our minds with the brightness of Your sanctuary. Help us to be as Todd Beamer and other UA flight 73 passengers before their sacrifice in Shanksville, Pennsylvania who reached to You in the moment and spoke, along with Lisa Jefferson, a GTE representative, Psalm 23:

“The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; he leadeth me beside the still waters. He restoreth my soul: he leadeth me in the path of righteousness for his name’s sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: thou annointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.”

Give us the courage as steadfast Americans to resist every crush to mold us into an unreasoned conformity. Help us to triumph with a revived spirit in a world that is stable and diverse and continue to establish good laws which support strong families in a culture where love and faith are the strong fabric of our common good. Be with us this day and always. We ask this in Your great name. Amen.

Representative Jeffrey Oigny, member from East Hampstead, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

COMMUNICATION

August 16, 2011

Rep. William L. O’Brien, Speaker
New Hampshire House of Representatives
State House
Concord NH 03301

Dear Mr. Speaker:

It is with deep regret that I resign my seat in the New Hampshire House. I have enjoyed the camaraderie with many others who love the State of New Hampshire and I will miss you all. This is prompted by my move out of the district I serve. It is clear that this move will disqualify me from serving Derry, a town I have served off and on since 1975. There is no doubt that the voters of Derry will find another person who loves this state. I can and will be replaced. New Hampshire and my former town will be well served.

Sincerely,
Kenneth H. Gould, Rockingham 5

COMMUNICATIONFriday, August 12th, 2011

To Whom it May Concern:

I am writing to inform you that I am resigning my seat in the General Court, effective immediately, due to a new employment opportunity. It has been my pleasure, and distinct honor, to serve the people of Manchester's Ward 3 over the past several months. With so many challenges facing the state of New Hampshire, I wish my colleagues well in working to find common sense solutions to these serious issues.

Respectfully,
Michael D. Brunelle
Hillsborough District 10
Manchester Ward 3

RECESS**(Speaker O'Brien in the Chair)**

The House reconvened at 1:35 p.m.

GOVERNOR'S VETO MESSAGE ON SB 88

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed SB 88, relative to physical force in defense of a person. In 2006, I vetoed legislation with identical provisions because the New Hampshire Chiefs of Police, the New Hampshire Sheriffs Association, the New Hampshire State Police, representatives of over 40 local law enforcement departments and the former Attorney General warned it would jeopardize public safety. Many of those same organizations and the current Attorney General have asked me to veto this bill because it contains the identical provision governing the use of deadly force. This legislation would permit the use of deadly force anywhere a person has a right to be, even if the person could easily remove himself or herself from an encounter without exposing himself or herself, or anyone else, to danger. SB 88, like the earlier bill, is a dramatic and unwarranted change in New Hampshire law that would legalize the inappropriate use of deadly force and jeopardize public safety. "The current law governing the use of deadly force in self-defense establishes a careful balance between the right to use deadly force in self-defense on the one side, and the sanctity of human life and the safety of innocent members of the public, on the other," wrote the New Hampshire Association of Chiefs of Police and the New Hampshire Sheriffs Association. "SB 88 would dramatically alter that balance and increase the potential for deadly encounters erupting in public places." There are times when deadly force may be the only alternative, and existing law already makes provisions for those cases. Existing New Hampshire law already allows citizens to stand their ground and use deadly force – in any location – to protect themselves or another person in response to another's use of deadly force or to prevent a kidnapping or sexual assault no matter where those offenses take place. Current law also allows citizens to use deadly force to protect themselves against an

intruder in their own home, regardless of whether the intruder has used deadly force. And current law puts the burden on the state to disprove beyond reasonable doubt claims of self-defense in other cases. SB 88 would unleash the potential for increasing deadly violence in our communities. It would allow the use of deadly force on street corners, in shopping malls, public parks, and in retail stores. Drug dealers and other felons who brandish weapons will be further emboldened to use their weapons, while prosecution of those criminals will be made more difficult because of this bill's expansion of the right to use deadly force. Given that the current law is working well and is widely supported by law enforcement, I have vetoed SB 88. SB 88 also contains changes to the state's criminal law on mandatory minimum sentences for offenses involving a firearm, as well as changes to the definition of "non-deadly force. I am prepared to sign these provisions into law if they are subsequently enacted in separate legislation.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **SB 88**, relative to physical force in defense of a person, relative to producing or displaying a firearm or other means of self-defense, and relative to eliminating minimum sentencing and adding civil immunity for certain firearm use, become law?

Rep. Shurtleff spoke against and yielded to questions.

Rep. Campbell spoke against.

Reps. Kreis and Welch spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON SB 3-FN-A-L

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed SB 3, making comprehensive changes to the state retirement system. Even as this bill sits on my desk with a deadline of today, members of the ongoing conference committee on HB 1 and HB 2 have publicly announced that they will consider substantive changes to this legislation, a version of which is already included in HB 2. Those changes include potentially addressing decisions made yesterday by the Board of the Retirement System that could impact the budgets of the state and local communities. Given the legislature's stated intent to change this legislation further, and my responsibility to review the legislation in its full and final form, I am vetoing Senate Bill 3 and will assess the legislature's final product.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **SB 3-FN-A-L**, making comprehensive changes to the state retirement system, become law?

Rep. Lynne Ober spoke against.

LAIID ON THE TABLE

Rep. Bettencourt moved that the question of shall **SB 3-FN-A-L**, making comprehensive changes to the state retirement system, become law, be laid on the table.

The Speaker announced that a roll call would be taken.

ADJOURN FROM THE EARLY SESSION

Rep. Bettencourt offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today, it be to meet Wednesday, October 12, 2011 at 10:00 a.m.

UNANIMOUS CONSENT

Reps. Daler and Shurtleff addressed the House.

MOTION TO PRINT REMARKS

Rep. Baldasaro moved that the remarks made by Rep. Daler be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Daler: Thank you, Mister Speaker. There is a positive story coming from Afghanistan. On December 30, 2010, Army Specialist Joseph Canavan of Temple, New Hampshire was providing security during a meeting between his squadron and village elders in Khost Province. Specialist Canavan heard something hit his truck turret. That something turned out to be a homemade explosive. He jumped from the truck. The gunner was wounded, as was Canavan, who sustained a severe concussion. Despite this and warnings from the gunner not to get back into the truck, Canavan did anyway. He performed first aid on the gunner and also manned the machine gun firing at the attackers. His quick thinking and his bravery that day earned Canavan the Bronze Star, the fourth highest combat award in the U.S. Armed Forces. From the medal citation signed by Major General John Campbell, "Specialist Canavan's courage and selfless dedication in a combat zone, under the most extreme of circumstances greatly contributed to the fight against the war on terrorism." Specialist Canavan re-enlisted in the Army and is presently at Fort Campbell, Kentucky. He will soon go to Fort Sam Houston, Texas, where he will begin training as a medic. His bravery, quick thinking and dedication are a testament to our service people in war zones and other places around the globe. Thank you.

MOTION TO PRINT REMARKS

Rep. Bettencourt moved that the remarks made by Rep. Shurtleff be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Shurtleff: Thank you, Mister Speaker. Mister Speaker, I know in this body there is tremendous support for our men and women in the armed forces serving in Iraq and Afghanistan and that's commendable. I just wanted to bring to this body the fact that earlier today Representative Terie Norelli received a flag that flew over the Ortiz Medical Center in Baghdad. She received this for her role as Speaker last Session, arranging for gifts and items to be sent to our men and women serving in Iraq. The flag she received flew over the Ortiz Medical Center, as I said. This was named after Maria Ortiz, an Army Captain and a registered nurse who was the first woman to die in combat since Vietnam. She died in a mortar attack in July 2007 and is buried at Arlington National Cemetery. With your permission Mister Speaker, I would like to read the commendation that Representative Norelli received. It says, "The flag of the United States of America. Let it be known to all that this flag has flown over the Ortiz Medical Center, International zone in Baghdad, Iraq on 5, March 2010. It is presented to the Honorable Terie Norelli, Speaker of the New Hampshire House of Representatives in recognition for her service to the United States of America and her dedicated support to service members serving across the globe." It is signed by Colonel Paul Pasquina, MD United States Medical Corps., officer in charge, Ortiz Medical Center. Thank you, Mister Speaker.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills and resolutions, reading-in of petitions, receiving Senate messages, enrolled bill amendments, enrolled bill reports and forming Committees of Conference.

Adopted.

The House recessed at 2:30 p.m.

RECESS

(Rep. Chris Christensen in the Chair)

PETITIONS

Representative David Welch of Kingston, on behalf of Petitioners Greg and Sarah Clarkson of Kingston, seeks redress relative to a grievance involving a dispute with a Kingston police officer and two social workers with the New Hampshire Department of Health and Human Services, Division of Children, Youth and Families.

The Speaker referred this petition to the Committee on Redress of Grievances.

RECESS

(Speaker O'Brien in the Chair)

Rep. Jasper moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 24

Wednesday, October 12, 2011

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Heavenly Lord, in whom we live and move and have our being, we, once again, ask for Your blessings and protection upon our Nation and our great State of New Hampshire. We hold up our members and their families who need healing and support as well as our friends in service to our country who may be in harm's way. As nature displays its brilliance, we are grateful for our political colleagues who are pillars of order and display the common sense we citizens of New Hampshire live by: change with stable growth. We ask that Your spirit guide us, again today, in our deliberations so that we may speak the truth in goodness and rightly make an art of our politics. We are men and women with much experience of the world, assembled not to create a paradise, for Your hand has provided these hints already, but gathered to continue effective and practical government....a built-in plan of survival for ourselves and our children, which, according to Your wisdom and our political wit, we may secure a sustainable future for all and avoid the economic, political and spiritual wreckage we witness around the world. Therefore we give thanks to You first, Lord, and then ask for Your wisdom to engage our responsibility in: (1) being other-directed for our constituents; (2) to remaining unmoved by fashion and inordinate power, like a strong oak in the face of the next season; (3) of treating each other with respect, like the maple which gives sweetness, beauty and strength to daily life, and, finally, to rely always on what is permanent in preserving true freedom which is the force of human flourishing. Give Your special blessing upon our esteemed visitors, their hopes and aspirations, and upon all present here. We ask this in Your name. Amen.

Representative Alfred Baldasaro, member from Londonderry, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

REGULAR CALENDAR

HR 13, repudiating Opinion of the Justices, 162 N.H. 160 (2011), and urging the senate to remove from the table and pass 2011 HB 89. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John W. Cebrowski for the Majority of Constitutional Review and Statutory Recodification: This is a resolution, a formal expression of the opinion and wishes of the House. It does not have the effect of a law. We are doing this to go on record as disagreeing and disavowing the opinion of the supreme court. We are also asking the Senate to take action, to take HB 89 off of the table and pass it. Those are the two things happening here – going on the record and making a request

for action. That is it, in spite of how others might want to complicate this. We must speak up for what we believe in. HB 89 was a clear repudiation of an egregious national policy; no small matter. However, HR 13 is a defense of the power of the people delegated by the Constitution of New Hampshire to their representation in the government of the State of New Hampshire, the General Court of New Hampshire. What began as an attempt to stop an unconstitutional law has become a contest to defend the manner in which the people delegated their power to their government. In the course of its deliberations, the committee learned that legislature has given specific orders to specific members of the Executive on numerous occasions, including the attorney general. On March 15, 2011, the House overwhelmingly passed HB 89, a bill requiring the attorney general to move to join the state of New Hampshire in the Florida case challenging the constitutionality of the federal Patient Protection and Affordable Care Act. The Senate tabled the bill and, pursuant to Part 2, Article 74 of the New Hampshire Constitution, sought an advisory opinion from the supreme court as to the bill's constitutionality. On June 15, 2011, the supreme court issued its opinion, in which it concluded that HB 89 violates the separation of powers under Part 1, Article 37. The court recognized that until 1966 the legislature had, and had exercised, power of giving direct instruction to members of the executive. However, they reasoned by a single quotation from the 1964 Constitutional Convention that the 1966 amendment to Part 2, Article 41 gave the executive branch the exclusive power to decide the state's interest in litigation. In doing so the supreme court ignored the following quotation by Mr. Eaton, the delegate whom the Court quoted "Now the purpose of this resolution is to protect the power of the General Court. It makes explicit some statutory authority which the executive branch has already been using for many years." More importantly they ignored his concluding remarks, "As everyone knows, state legislatures have been losing power rapidly in recent years. And this is not a theory. It is an accepted fact that progressive decline of legislative power threatens representative government. Many forces aggravate the imbalance and every time a bureaucrat overspends his budget or ignores a statute, he shows disrespect for the legislature. Resolution 58 declares all executive departments and agencies must respect all mandates, powers and rights of the general court and I hope as we close the 15th constitutional convention we can adopt Resolution 58 which says that whatever may happen in the other states, New Hampshire is still owned by the people and still operated by elected representatives of the people." The purpose of the amendment to Part II, Article 41, proposed in resolution 58 of the 15th Constitutional Convention, and approved by the people in 1966 was to strengthen the power of the legislature and not the executive. HR 13 asserts, and the committee agrees, not only that it is clear and incontrovertible that the court's opinion is incorrect, but that if allowed to stand would do great harm to the constitutional balancing of legislative and executive authority by effectively giving the governor a second opportunity to veto legislation with which he disagreed by simply refusing to defend it in litigation. We do a grave disservice to ourselves and to our constituents by not publicly displaying our resolve. The resolution was carefully crafted and provides a detailed rationale for our disagreement with the court. Vote 11-2.

Rep. Christopher W. Serlin for the Minority of Constitutional Review and Statutory Recodification: The minority believes that Part I, Article 37 of our State Constitution is quite clear about what "Separation of Powers" means, in that "...the government of this state, the three essential powers thereof, to wit, the legislative, executive, and judicial, ought to be kept as separate from, and independent of, each other..." The minority's position is also held by over 30 former attorneys general and assistant attorneys general, Republicans and Democrats, in that as a body they, too, agreed on the plain meaning of Part I, Article 37 when they wrote to the State supreme court earlier this year urging the court to affirm the Constitution's elegant instructions on separation of powers. In June of 2011, the New Hampshire supreme court did just that, with its unanimous response to the New Hampshire Senate's request for advisory opinion on questions relating to the constitutionality of HB 89, finding against the arguments put forth by proponents, stating: "It is the executive, not the legislative branch, in which the constitution vests the power to determine the State's interest in any litigation." The court went on to say that (they) "conclude that HB 89, which removes entirely from the executive branch the decision as to whether to join the state as a party to litigation, would usurp the executive branch's power to execute and enforce the law. Therefore, in our opinion, HB 89 as passed by the House, violates the separation of powers clause and is unconstitutional. That being the case, it follows that HB 89 does not "fall within the broad grant of authority to the General Court set forth in Part II, Article 5 of the New Hampshire constitution." HR 13 represents excess unbecoming of this House. It goes beyond a simple statement of disagreement by admonishing our

supreme court, calling them “hostile” to representative government. While doing so may serve a political agenda, it can serve no useful purpose for the citizens of New Hampshire, whose business we are here to conduct in a reasonable and expedient manner. Regardless of how some members of this body may feel about the court’s findings, or the original subject matter, pressing further with HR 13 now seems more akin to tilting at windmills than it does the pursuit of sound policy. Urging the Honorable Senate to ignore the advisory opinion of our State’s supreme court, and in doing so intentionally put the General Court at odds with the executive and judiciary knowing in advance what the outcome of any actual inter-branch lawsuit is likely to be, will only cost the taxpayers of New Hampshire time and money, having no change of any outcome save what the court has already advised. We should not support such an effort.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Serlin spoke against and yielded to questions.

Rep. Bettencourt spoke in favor.

Rep. Gary Richardson requested a roll call; sufficiently seconded.

HB 652-FN, establishing a commission relative to Medicaid managed care. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John W. Cebrowski for the Majority of Finance: In the 2012-13 budget the legislature included a requirement for the department of health and human services (DHHS) to develop a managed care model. The majority of the other states have adopted similar plans. The purpose of managed care is to more closely monitor the patients that rely on the government to pay for their care. This plan has shown to save money in the long run by using preventive care to avoid more expensive treatment. We projected a 16 million dollar saving in this biennium with DHHS delivering a plan by July 15. DHHS missed the deadline, which caused great concern and was the impetus of this bill.

The next deadline is October 15. We need this bill both to emphasize the urgency needed to keep a balanced budget, and the willingness of the legislature to take over this vital plan. Some feel that the message has been delivered to the department and that they are on track. Nevertheless, passing this bill will provide oversight, if needed for the resulting plan. Vote 15-6.

Rep. Robert A. Foose for the Minority of Finance: The sponsor admitted this bill is unworkable and that the department of health and human services (DHHS) is on task and on time to issue the Request for Proposal (RFP) for Medicaid Managed Care by the middle of this month. The sponsor also stated that this bill is just an insurance policy to send a message to the department. The minority believes this bill is unnecessary and also agrees with the sponsor that its approach is unworkable. The minority further believes that the people of New Hampshire would not expect the legislature to be comfortable with a 5-day timeline to develop an RFP fully from start to finish for the \$2.6 billion federal-state partnership program that serves the oldest, weakest, most disabled and poorest residents of New Hampshire. The minority states the public deserves better management of taxpayer money.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Kurk spoke in favor.

Rep. Rosenwald spoke against and requested a roll call; sufficiently seconded.

SB 198-FN, relative to the calculation of aid to the permanently and totally disabled and temporary assistance to needy families (TANF). **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Neal M. Kurk for the Majority of Finance: Due to an oversight in budget preparation, some citizens were allowed to 'double dip' in public assistance. This happened by allowing them to disallow state supplemental assistance or federal social security under Title XVI when they applied for Temporary Assistance to Needy Families (TANF). This bill makes the correction which should save the state \$8 million per year, an amount already incorporated in HB 1. An amendment has been added which is relevant because both subjects were treated in HB 2. The amendment confirms that

the Judicial Branch should add no replacement or new marital masters. Although this was part of HB 2, the Judicial Branch interpreted the language to allow further appointments. Marital masters are appointed for a term by the Judicial Branch without the oversight and vetting that takes place for judges with Governor and Council approval. At one time, the state received a large amount of federal assistance to help pay for marital masters, but lately that has largely diminished. Vote 17-4. Rep. Robert A. Foose for the Minority of Finance: The minority believes that what began as a technical correction to an oversight in HB 2 has been transferred into a political negotiation over a non-germane amendment. By refusing to honor the original plan to clarify the oversight, the action of the House will cost the state an additional \$2 million in lost savings because the Senate is in recess until January. As noted in the public hearing on the amendment, there is other legislation moving through the process that would accomplish the same end. The Minority asks for a vote of ITL.

Majority Amendment (2605h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the calculation of aid to the permanently and totally disabled and temporary assistance to needy families (TANF) and relative to marital master contracts.

Amend the bill by replacing all after section 2 with the following:

3 Marital Master Contracts. No new marital master contracts shall be entered into by the state and no existing marital master contracts shall be renewed, extended, reinstated, transferred, or modified by the state on or after the effective date of this section.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill removes a limitation on the amount of earned income that is disregarded for purposes of calculating aid to the permanently and totally disabled. The bill also includes persons receiving federal assistance in the TANF household for purposes of calculating income eligibility.

This bill also clarifies that no marital master contracts shall be entered into or renewed, extended, reinstated, transferred, or modified by the state on or after the effective date of this bill.

Reps. Lynne Ober and Bettencourt spoke in favor.

Reps. Horrigan and Vaillancourt spoke against.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Foose spoke against.

Rep. Weyler spoke in favor.

Rep. Rosenwald requested a roll call; sufficiently seconded.

HB 654-FN-L, relative to credit for retirement system employer contribution overpayments.
MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Seth Cohn for the Majority of the Special Committee on Public Employee Pensions Reform: This bill would credit retirement system employers for the increased rates they paid in July 2011, prior to the recertification of employer contribution rates as passed in HB 2, which took effect in August 2011. The unexpected rate increase occurred due to the timing of the passage of HB 2, and the retirement system used the rates previously certified to begin in July 2011, rather than using the new rates intended to begin in July. In order to continue our goal of no net downshifting to the towns and cities, a credit to the political subdivisions in the amount of slightly more than \$4 million is needed. This \$4 million a month differential shows what would have happened with no legislative change to the retirement system at all, compared to the changes that we passed in HB 2. A question was raised regarding the constitutionality of this bill by the retirement system legal counsel, concerned by what they perceived as a retroactive action. The legislative intent that the rates previously certified to begin in July 2011 would not take effect, instead only the new rates from HB 2, was clearly discussed in multiple hearings, and we believe that this intent should be upheld. Vote 6-3.

Rep. Daniel J. Sullivan for the Minority of the Special Committee on Public Employee Pensions Reform: The NH Retirement System has stated that this bill violates Part 1, Article 36-a of the NH Constitution, which requires that employers (cities and towns) pay contributions to the system as certified by the board of trustees. This bill would adjust the rates certified on July 1, 2011 retroactively, which violates this article, and is therefore unconstitutional. Further, the bill takes more money from the NHRS at a time when this legislature's stated objective has been to reduce the \$4-plus billion unfunded liability created in the 1990's. The minority believes that this bill would continue the practice of "kicking the can down the road" by irresponsibly spending money stolen from the NHRS, and leaving the system deeper in debt.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Shurtleff spoke against.

Rep. Jasper spoke in favor.

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONT'D)

HB 656, relative to boundaries of wards. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Paul Mirski for the Majority of the Special Committee on Redistricting: As of this date not all cities have completed the re-drawing of their ward lines. The House however must establish fixed parameters for its own redistricting purposes; otherwise whatever it would produce in the way of a redistricting plan would remain in flux and could not be finalized for a vote by the House in early 2012. Fixing the date of January 3, 2012 as the date for finalizing all city ward lines resolves this problem. With regard to Portsmouth ward lines, the boundaries of Portsmouth's wards have been established in session law since the 19th century. Portsmouth now seeks to have the ward lines described in HB 656 established in law for the November 2012 elections and going forward. Vote 12-5. Rep. David M. Pierce for the Minority of the Special Committee on Redistricting: The amendment requires the redistricting plan to be developed according to the city ward lines in place on January 3, 2012. Some cities have told us they won't have their ward lines drawn by that deadline. This means that any plan that relies on outdated ward lines for even one city is virtually certain to be in violation of the one person, one vote requirement and, therefore, unconstitutional. The

committee might have discovered this earlier if the amendment had had a public hearing, which it didn't. Committee members in the majority admitted the amendment was not ready for prime time and the committee discussed how this bill probably won't become law until after the bill's deadline. This makes the whole bill a pointless exercise. The committee should produce work product that matters. Redistricting is too important to our constituents and deserves our best effort.

Majority Amendment (2676h)

Amend the bill by replacing all after the enacting clause with the following:

1 Ward Boundaries; Legislative Districts. Ward boundaries in effect on January 3, 2012 shall be the ward boundaries used to determine state legislative districts beginning with the November 2012 state general election.

2 City of Portsmouth; Wards. 1895, 183:1, as amended by 1947, 390:1; 1957, 412:1; 1971, 582:1; 1983, 424:1; and 1989, 210:2, is repealed and reenacted to read as follows:

Section 1. The city of Portsmouth in the county of Rockingham is and shall be divided into 5 wards which shall be constituted as follows:

Ward 1 shall contain all that part of the city included within the following boundaries: Beginning at a point in the Piscataqua river on the boundary of the city of Portsmouth, the state of Maine, and the town of Newington; thence southeasterly along the boundary of the city of Portsmouth and the state of Maine to the point where U.S. route 1 crosses the boundary of the city of Portsmouth and the state of Maine; thence southwesterly along U.S. route 1 to a point where U.S. route 1 passes over Daniel street; thence southwesterly along Daniel street to the intersection of Daniel street and Congress street; thence southwesterly along Congress street to the intersection of Congress street and Maplewood avenue; thence northwesterly along Maplewood avenue to the middle of a bridge crossing the so-called North Mill pond; thence southwesterly along a line following the midpoint of the so-called North Mill pond until it intersects Bartlett street at a point 300 feet north of the intersection of Bartlett street and Cate street; thence northwesterly along Bartlett street to the intersection of Bartlett street and Woodbury avenue; thence northwesterly 10,000 feet along Woodbury avenue to the intersection of Woodbury avenue and Gosling road; thence northeasterly along Gosling road to its terminus; thence northeasterly along the boundary of the town of Newington and the city of Portsmouth to the point of beginning.

Ward 2 shall contain all that part of the city included within the following boundaries: Beginning at the middle of the Maplewood avenue bridge at the northeast end of North Mill pond; thence southeasterly along Maplewood avenue to the intersection of Maplewood avenue and Middle street; thence southerly along Middle street to the intersection of Middle street and Court street; thence northeasterly along Court street to the intersection of Court street and Rogers street; thence southerly along Rogers street to the intersection of Rogers street and Parrott avenue; thence southerly along Parrott avenue to the intersection of Parrott avenue and Richards avenue; thence northerly along Richards avenue a distance of 150 feet; thence southwesterly along a line until said line reaches the intersection of Merrimac street and Miller avenue; thence southeasterly along Miller avenue until it reaches the intersection of Miller avenue and South street; thence westerly along South street until it reaches the intersection of South street and Middle road; thence southwesterly along Middle road until the intersection of Middle road and U.S. route 1 bypass; thence northwesterly along U.S. route 1 bypass to a point where it is crossed by a railroad track; thence northeasterly along said railroad track until a point where it crosses Bartlett street; thence northwesterly along Bartlett street until a point 300 feet north of the intersection of Bartlett street and Cate street; thence northeasterly along a line following the middle of the so-called North Mill pond to the point of beginning.

Ward 3 shall contain all that part of the city included within the following boundaries: Beginning at a point at the intersection of the boundary of the city of Portsmouth, the town of Newington, and the town of Greenland; thence northerly along the boundary of the city of Portsmouth and the town of Newington a distance of 8,400 feet; thence continuing northeasterly along the boundary of the city of Portsmouth and the town of Newington to the intersection of the boundary of the city of Portsmouth and the town of Newington and Woodbury avenue; thence southeasterly along Woodbury avenue a distance of 10,000 feet to the intersection of Woodbury avenue and Bartlett street; thence southerly along Bartlett street to a point where a railroad line crosses Bartlett street; thence southwesterly along said railroad line to a point where it crosses U.S. route 1 bypass; thence southeasterly along U.S. route 1 bypass to a point where it intersects Greenleaf avenue; thence southwesterly along Greenleaf avenue to the intersection of Greenleaf avenue and Peverly Hill road; thence southeasterly along Peverly Hill

road to the intersection of Peverly Hill road and Lafayette road; thence southwesterly along Lafayette road to a point at the boundary of the city of Portsmouth and the town of Rye; thence northwesterly along the boundary of the city of Portsmouth and the town of Rye to the intersection of the boundaries of the city of Portsmouth, the town of Rye, and the town of Greenland; thence northerly along the boundary of the city of Portsmouth and the town of Greenland to the point of beginning.

Ward 4 shall contain all that part of the city included within the following boundaries: Beginning at a point at the intersection of South street and Summit avenue; thence southerly along Summit avenue to the point where Andrew Jarvis drive crosses Summit avenue; thence westerly along Andrew Jarvis drive to the intersection of Andrew Jarvis drive and Lafayette road; thence southerly along Lafayette road to a bridge over the so-called Sagamore creek; thence easterly along a line following the center of the so-called Sagamore creek to a point at the boundary of the city of Portsmouth, the town of Rye, and the town of New Castle; thence southwesterly along the boundary of the city of Portsmouth and the town of Rye to a point where the boundary between the city of Portsmouth and the town of Rye turns northwesterly; thence northwesterly along the boundary of the city of Portsmouth and the town of Rye to the intersection of the boundary of the city of Portsmouth and the town of Rye with Lafayette road; thence northeasterly along Lafayette road to the intersection of Lafayette road and Peverly Hill road; thence northwesterly along Peverly Hill road to the intersection of Peverly Hill road and Greenleaf avenue; thence northeasterly along Greenleaf avenue to the intersection of Greenleaf avenue and U.S. route 1 bypass; thence northwesterly along U.S. route 1 bypass to the intersection of U.S. route 1 bypass and Middle road; thence easterly along Middle road to the intersection of Middle road and South street; thence easterly along South street to the point of beginning.

Ward 5 shall contain all that part of the city included within the following boundaries: Beginning at a point where U.S. route 1 intersects the boundary between the city of Portsmouth and the state of Maine; thence southeasterly along the boundary between the city of Portsmouth and the state of Maine to the boundary of the city of Portsmouth, the state of Maine, and the town of New Castle; thence southerly along the boundary of the city of Portsmouth and the town of New Castle to the boundary of the city of Portsmouth, the town of New Castle, and the town of Rye; thence southwesterly along the boundary of the city of Portsmouth and the town of Rye to the midpoint of the so-called Sagamore creek; thence westerly along a line following the center of the co-called Sagamore creek to the Lafayette road bridge over the so-called Sagamore creek; thence northerly along Lafayette road to the intersection of Lafayette road and Andrew Jarvis drive; thence northeasterly along Andrew Jarvis drive to the intersection of Andrew Jarvis drive and Summit avenue; thence northerly along Summit avenue to the intersection of Summit avenue and South street; thence easterly along South street to the intersection of South street and Miller avenue; thence northwesterly along Miller avenue to the intersection of Miller avenue and Merrimac street; thence northeasterly along a line to a point on Richards avenue 150 feet northerly from the intersection of Richards avenue and Parrott avenue; thence southeasterly along Richards avenue to the intersection of Richards avenue and Parrott avenue; thence northeasterly along Parrott avenue to the intersection of Parrott avenue and Rogers street; thence northwesterly along Rogers street to the intersection of Rogers street and Court street; thence westerly along Court street to the intersection of Court street and Middle street; thence northerly along Middle street to the intersection of Middle street and Congress street; thence northeasterly along Congress street to the intersection of Congress street and Daniel street; thence northeasterly along Daniel street to the point where it is crossed by U.S. route 1; thence northerly along U.S. route 1 to the point of beginning.

3 Effective Date: This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the use of ward boundaries in effect on January 3, 2012 for state legislative districts. This bill also establishes ward lines for the city of Portsmouth.

Rep. Mirski spoke in favor.

Rep. Weber spoke against and requested a roll call; sufficiently seconded.

and floor amendment (2695h) failed.			

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Mirski offered floor amendment (2729h).

Floor Amendment (2729h)

Amend the bill by replacing section 1 with the following:

1 Ward Boundaries; Legislative Districts. Ward boundaries in effect on January 7, 2012 shall be the ward boundaries used to determine state legislative districts beginning with the November 2012 state general election.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Special Election; Requirements Waived. Any city may hold a special election for purposes of adopting ward boundaries to comply with the deadline established in section 1 of this act. All statutory requirements that in any way limit the ability of a city to schedule and to hold a special election by January 7, 2012 are hereby waived, including, but not limited to, all time limitations and requirements relating to notice and hearings.

AMENDED ANALYSIS

This bill requires the use of ward boundaries in effect on January 7, 2012 for state legislative districts and authorizes special elections to adopt ward boundaries that are not subject to statutory requirements. This bill also establishes ward lines for the city of Portsmouth.

Rep. Mirski spoke in favor.

Rep. Weber spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 655, establishing a committee to study issues regarding the New Hampshire Local Government Center. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank V. Sapareto for Ways and Means: The committee unanimously supports this bill and believes transparency in government is essential. Since the issues surrounding the Local Government Center (LGC) affect so many local communities and their employees, the committee believes that urgent action is necessary. This bill will create a commission to work through the details and expose inefficiencies and restore confidence in LGC. The committee will examine all available reports and take testimony from all interested parties to make recommendations for legislation that will clarify the authority and responsibilities of the LGC. Vote 15-0.

Amendment (2621h)

Amend section 3 of the bill by replacing paragraph II with the following:

II. The committee shall have the same investigatory powers as the general court. The committee may take evidence under oath, issue subpoenas duces tecum for records, and issue subpoenas to compel testimony. A person shall have 5 business days to respond to any subpoena issued in accordance with this section. Upon approval of the speaker of the house of representatives and the president of the senate, any person who fails to respond within the 5-day period may be fined up to \$10,000 per day and may be subject to 5 days imprisonment.

Rep. Ulery yielded to questions.

(Rep. Bettencourt in the Chair)

Rep. Gary Richardson spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Soltani moved that **HB 655**, establishing a committee to study issues regarding the New Hampshire Local Government Center, be laid on the table.

Rep. Soltani requested a roll call; sufficiently seconded.

MOTION TO PRINT DEBATE

Rep. Hunt moved that the debate on the final motion of Ought to Pass on **HB 655**, establishing a committee to study issues regarding the New Hampshire Local Government Center, be printed in the Permanent Journal.

Adopted.

DEBATE ON MOTION OF OUGHT TO PASS

Rep. Keans: Thank you, Mister Speaker. Mister Speaker, I rise in support of this bill and I agree that we need a thorough understanding of how public pools work. The statute is very foggy and I'm sure that the various organizations out there are making sure that these statutes can be clarified to exactly what the legislature requires of them. Right now it appears that the investigation is totally focused on the Local Government Center. In 2010, the Commerce Committee had a last minute amendment which was introduced to give the Secretary of State increased authority over risk pools. During his testimony, 99% was focused on the LGC and here is where my interest parts with him. There are other ones out there and even on my days in the Finance Committee when that bill came to the Finance Committee, I had characterized it as probably a witch-hunt. Probably not appropriate anymore for this floor, but it was a witch-hunt and still is. Because of these concerns, I filed a detailed complaint with the Secretary of State in June 2010 asking that he investigate the two other risk pools that provide coverage for local communities, that is Primex and SchoolCare. All three provide services to all of our local communities. There is a variety of services and some communities buy one type of insurance from them and others invest with the other pools. My understanding is that all of the risk pools follow the very same practices. I assume so, if those are the statutes. So if they are concerned about LGC's operations, it seems to me that the same concerns should apply to the other two. Sixteen months later the Secretary of State has taken no action on my complaint and I think we need to understand why. I think there is more to this story than what we read in the paper and clearly some people are determined to vilify or even destroy the Local Government Center. As a city councilor for twenty-three years, I understand very well how important the LGC is to many of our cities and towns and I believe we need to end the witch-hunt and get on with a fair review of the law and look at all risk pools. Thank you, Mister Speaker.

Rep. Abrami: Thank you, Mister Speaker. Mister Speaker, transparency is what drives our citizens trust in government and HB 655 is about transparency in government. It's about standing up for the people of the cities and towns who have lost their faith in our Local Government Center. This is an issue that needs our attention now, today. The many problems that have come to the forefront with regard to the Local Government Center affect many of our cities and towns and hundreds of their employees. In August, the Secretary of State, Bureau of Securities Regulation issued a report extremely criticizing the LGC which runs several insurance pools for our municipal employees. The report listed numerous violations of state law which included setting up illegal limited liability

companies, illegal sheltering of them under umbrella non-profit groups, not returning surplus money to municipalities as required by law, illegally transferring insurance premium money from one fund to another and buying things with that money that it was not allowed to keep. While it may be the intention of some legislators to wait until next Session to review this, we feel it is important that we take this up today and that we vote on this today. Transparency in all aspects of government is essential and demands our attention now. Mister Speaker, I agree with the unanimous decision, a bi-partisan decision by the way, of the House Ways and Means Committee and I'll vote to pass HB 655 and agree that urgent action is necessary now. This bill will create a commission to look through the details and expose inefficiencies and ultimately restore the confidence of our cities and towns in their Local Government Center. The committee established by this legislation will examine all available reports, take testimony from all parties and make recommendations for legislation that will clarify the authority and responsibility of the Local Government Center. I hope you will all join me in supporting HB 655 and establishing this committee and insuring transparency in New Hampshire state government.

Rep. Kurk: Thank you, Mister Speaker. I too, rise in support of this bill and indeed the Local Government Center, I understand, supports this bill. There are three things that the committee is asked to investigate. One, and this is on lines 11-15 of the bill, the New Hampshire Local Government Center and the report of the Secretary of State criticizing some of its actions. Two, the impact of actions by pooled risk management programs on state and local revenues and expenditures and three, legislative reforms with regard to public or government-sponsored insured risk pools. If we, as a legislature, are to benefit from this report, the committee has to focus on all of the risk pools and there are three of them, Local Government Center being one. And, indeed they all follow the same practices with keeping large reserves in order to make sure premiums are level. I'm on the Weare finance committee and the one thing that I certainly don't want to see and my selectmen don't want to see is insurance premiums spiking one year and dropping the next year because you know what that does to the tax rate. So I think this committee needs to recognize that all three of these organizations follow the same practices with keeping large surpluses and by the way, they all follow the same practices with using some of their risk pool money to start other risk pools because it benefits the cities and towns who are their customers. The reason for my getting up and speaking in favor of this is to urge the committee to do its job by not just focusing on the one entity, but on all three entities and their practices to give us, the legislature, good information for changing the statute. Thank you, Mister Speaker.

Speaker O'Brien: Will the member yield to a question? The member yields.

Rep. Patten: Thank you, Mister Speaker and thank you for taking my question. I do understand that there is an issue that we would like to be able to study and that there is a committee that is being created. If we pass this bill today, will the committee be able to start its work?

Rep. Kurk: I thank you for your question. I doubt it because the bill requires the appointment of Senators and my guess is that until the Senate acts on this bill and appoints the Senators, the committee won't get started officially. This is not a House Committee.

Speaker O'Brien: Will the member yield to a further inquiry? The member yields.

Rep. Patten: Thank you, Mister Speaker. Thank you, again, for taking my question. If this is not a House Committee, is there a process so that the investigation could start? Right now, they won't be able to do anything until we get through the whole process of the Senate and also the Governor and that may not be in a timely manner that perhaps would be good for our towns. Thank you.

Rep. Kurk: I appreciate, again, the question. There is an alternative that I can think of at the moment, and there may be others, and that is to ask the Speaker of the House to appoint a special committee of House members and charge them with this responsibility, but higher authority needs to be consulted.

(Speaker O'Brien in the Chair)

GOVERNOR'S VETO MESSAGE ON SB 91

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed SB 91, an act relative to residential fire sprinklers. SB 91 prohibits local governing bodies from requiring the installation of a fire suppression sprinkler system in proposed one or two-family residences as a condition of approval for a local permit. While it preserves exiting local ordinances requiring automatic sprinkler systems in the communities that have adopted such ordinances, it would eliminate enforcement of any existing ordinance that requires sprinklers in

manufactured housing units that are situated in a manufactured housing park. The State Fire Marshal and numerous local fire departments across the State believe that local officials should continue to have the ability to require automatic sprinkler systems as an option when evaluating new residential construction. This bill will limit the choices available to communities in meeting local fire control requirements. Instead of providing a range of options, communities will now have to revert to requiring what may be more costly options: fire ponds, cisterns, wider road widths, increasing the size of building lots and increasing the size of distance between buildings. The decision of whether or not to require automatic sprinkler systems for new or renovated residential development has been, and should remain, a local one. The State should not preempt local decision-making. That is why I vetoed HB 109, a related bill that prohibits local planning boards from adopting regulations requiring sprinklers for one and two family homes in new subdivisions. SB 91, like HB 109, will remove local control over an important issue.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **SB 91**, relative to automatic fire suppression sprinklers, become law?

Reps. Hunt and Sterling spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today, it be to meet at the Call of the Chair.

LATE SESSION

Third reading and final passage

HR 13, repudiating Opinion of the Justices, 162 N.H. 160 (2011), and urging the senate to remove from the table and pass 2011 HB 89.

HB 652-FN, establishing a commission relative to Medicaid managed care.

SB 198-FN, relative to the calculation of aid to the permanently and totally disabled and temporary assistance to needy families (TANF).

HB 654-FN-L, relative to credit for retirement system employer contribution overpayments.

HB 656, relative to boundaries of wards.

HB 655, establishing a committee to study issues regarding the New Hampshire Local Government Center.

UNANIMOUS CONSENT

Reps. Horrigan, Itse, Williams, Baldasaro and Jasper addressed the House.

MOTION TO PRINT REMARKS

Rep. Jennifer Coffey moved that the remarks made by Rep. Horrigan be placed in the Permanent Journal.

Adopted.

REMARKS

Rep. Horrigan: Thank you, Mister Speaker. My father, James Horrigan died on Sunday, September 25th. He was known to be a man of few but well chosen words so I will try to emulate him as best I can. He served the same district I represent now which is Durham, Lee and Madbury. He was elected in 1974 and served until 1978. Many of the things that he worked on back then are still issues today. He was especially interested in the environment, alternative energy, tax policy and equal rights for all. The speaker back then was George Roberts who is still a lobbyist and many of you probably know very well. My father followed in the footsteps of our next-door neighbor on Bennett Road in Durham, Leon Crouch. When Rep. Crouch passed away, my father wanted to pay tribute to him. Speaker Roberts said, "If we had speeches every time one of those old fossils dies, we would never get anything else done." I am glad to say that we did get a lot of business done today. Like many of us, including myself, my father moved here from somewhere else. We came here from the Chicago area. In January 1966, Jim Horrigan was an ambitious young Navy veteran and University of Chicago Ph.D. student. He was just 35 years old. His UNH recruiting trip didn't go very smoothly. He arrived during one of those messy mid-winter ice storms. The dean of the business school drove his car into a snow bank on Route 108 on the way up from Logan and that dean was fired later that semester, but my father knew instantly that New Hampshire would be his home and our family's home. He immediately saw that this was a community dedicated to the ideals of freedom and social justice which he had always been fighting for and he quickly became a big part of our state. His service in this House was just one of many positions he held over the years. Even in the last month of his life, he served on the Portsmouth Conservation Commission. In fact, he wrote out his own resignation letter by hand and I typed it up and walked it over to the Portsmouth City Hall. He taught at the University of New Hampshire from 1966 to 1996 and he was extremely dedicated to that institution. He passed up many opportunities to go elsewhere. One of the secrets that came out after my father died was that he turned down a chance to teach at the Stanford Business School. The Whittemore School is a great institution and UNH a great institution, but certainly Stanford is even more prestigious, but UNH was his home and that's where he wanted to stay. He was the humblest man I ever knew and he was also the greatest and I am certainly proud to be his son and to follow in his footsteps representing Durham, Lee and Madbury, the whole State of New Hampshire and the House. I thank you all for your attention on what was a rather long day of legislative work. Thank you.

MOTION TO PRINT REMARKS

Rep. Baldasaro moved that the remarks made by Rep. Williams be placed in the Permanent Journal. Adopted.

REMARKS

Rep. Williams: Thank you, Mister Speaker. Mister Speaker and Honorable colleagues, I rise to pay tribute to the Honorable C. Pennington Brown, a two term, 2007-2010, member of the New Hampshire House. Penn was a tall, quiet, thoughtful member of the Transportation Committee. He did not speak often in the Committee meetings or in the House Sessions, but when he did, members listened. Members listened to what he had to say. His comments were insightful, memorable and thoughtful. Paraphrasing the words in *The Wisdom of Sirach*, "He gave counsel with understanding and he was a man of learning for the people, wise in his words of instruction." The first thing I did when I was made the chairman of the Transportation Committee was to call Penn to ask him to be

Clerk. I wanted him and I needed him at my side. I did not make a mistake. His only weak spot was that, at times, he became so interested in the debate that he forgot to take notes. Fortunately, he had a great memory and all the minutes were accurate and complete. Some things you may not know about Penn Brown. Penn graduated from Brown University; in World War II he served with distinction in the US Navy in the Pacific Theatre. In 1967, Penn joined The New Yorker magazine and later became manager of the Boston advertising office. He retired in 2004. Penn is survived by his wife, Susan Fockler and three children. Penn loved his wife, his classic sailboats, his dog, his farm, the music of J. S. Bach, pipe organs and mid-coast Maine. Penn was an active member of the Camden Yacht Society and was an active member and choir member of the St. John's Episcopal Church in Portsmouth, NH. Rep. Evalyn Merrick wrote these words about Penn. "He was such a gentle giant, a mentor and a friend who shared many stories, insights, wisdom and humor as my seatmate, and as a colleague. We have all lost an amazing spokesperson, one of the best legislators I have ever had the honor and privilege of knowing." C. Pennington Brown will long be remembered as a man worthy of praise. The NH House of Representatives was enriched and ennobled by his presence. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of former Representative, the Honorable C. Pennington Brown of Epping.

MOTION TO PRINT REMARKS

Rep. Vaillancourt moved that the remarks made by Rep. Jasper be printed in the Permanent Journal. Motion failed.

RECESS MOTION

Rep. Jasper moved that the House stand in recess for the purposes of the introduction of bills, the reading-in of petitions, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Adopted.

The House recessed at 5:40 p.m.

RECESS

The Speaker referred this petition to the Committee on Redress of Grievances.

RECESS

COMMITTEE ASSIGNMENTS

The Speaker made the following change to committee assignments:

Rep. Jasper off Election Law.

RECESS

(Speaker O'Brien in the Chair)

Rep. Bettencourt moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 25

Wednesday, November 30, 2011

The House assembled at 9:00 a.m. and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Almighty God, following on our recent day of “public thanksgiving and prayer,” established by our country’s founding father George Washington, we acknowledge with grateful hearts the many favors You have afforded the great State of New Hampshire, our families, our special friends, and our citizen soldiers...one of those favours being the opportunity to enjoy a form of governing which secures our safety and happiness. On this, another day of difficult decisions, help us to see the future of all our people without the illusions made by strings and wires. Give us a rich imagination in dealing with the realities that make our common life sustainable, rich, and wholesome. Help us to reason professionally with each other so that we may wisely manage the clash of opinions which often paralyze representative government. And give us Your wisdom that we may grasp our highest responsibilities to serve You and our liberties safely and in good conscience. We ask this in Your name. Amen.

Representative Chris Nevins, member from Hampton, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Case, Champagne, Eaton, Hofemann, Powers and Scontsas, the day, illness.

Reps. Beattie, Gonzalez, Hawkes, Taylor and Joseph Thomas, the day, important business.

INTRODUCTION OF GUESTS

Jack Conaway, guest of Rep. Belvin. David Ward, husband of Rep. Ward. Arlene Burns, guest of Rep. Hikel. Regan Elizabeth Hartley, Miss New Hampshire 2011, guest of Rep. Garcia. Frank Richardson, father of Rep. Jon Richardson. Claire Shurtleff, sister of Rep. Shurtleff.

MOTION TO REMOVE FROM THE TABLE

Rep. Lynne Ober moved that **CACR 14**, relating to public education. Provided that the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and shall have full discretion to determine the amount of state funding for education, be removed from the table. Adopted.

MOTION TO SUSPEND HOUSE RULES

Rep. Bettencourt moved that all necessary House Rules be suspended as to allow consideration and action at the present time of **CACR 14**, relating to public education. Provided that the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and shall have full discretion to determine the amount of state funding for education, after the deadline.

Rep. Bettencourt spoke in favor.

Rep. Gary Richardson spoke against and requested a roll call; sufficiently seconded.

CONSIDERATION OF CACR 14

Rep. Bettencourt moved Ought to Pass and offered floor amendment (2821h).

Floor Amendment (2821h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: public education.

PROVIDING THAT: the Legislature shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and shall have full discretion to determine the amount of state funding for education.

Amend the resolution by replacing all after the resolving clause with the following:

I. That the second part of the constitution be amended by inserting after article 5-b the following new article:

[Art.] 5-c [Public Education.] In fulfillment of its duties with respect to education set forth in Part II, Article 83, the Legislature shall have the authority and responsibility to define reasonable standards for elementary and secondary public education, to establish reasonable standards of accountability, and to mitigate local disparities in educational opportunity and fiscal capacity. Further, in the exercise thereof, the Legislature shall have full discretion to determine the amount of, and methods of raising and distributing, State funding for public education.

II. That the above amendment proposed to the constitution be submitted to the qualified voters of the state at the state general election to be held in November, 2012.

III. That the selectmen of all towns, cities, wards, and places in the state are directed to insert in their warrants for the said 2012 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 2011 session of the general court shall be approved.

IV. That the wording of the question put to the qualified voters shall be:

“Are you in favor of amending the second part of the constitution by inserting after article 5-b a new article to read as follows:

[Art.] 5-c [Public Education.] In fulfillment of its duties with respect to education set forth in Part II, Article 83, the Legislature shall have the authority and responsibility to define reasonable standards for elementary and secondary public education, to establish reasonable standards of accountability, and to mitigate local disparities in educational opportunity and fiscal capacity. Further, in the exercise thereof, the Legislature shall have full discretion to determine the amount of, and methods of raising and distributing, State funding for public education.”

V. That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 2011 General Court" shall be printed in bold type at the top of the ballot.

VI. That if the proposed amendment is approved by 2/3 of those voting on the amendment, it becomes effective when the governor proclaims its adoption.

Rep. Sorg spoke against.

Reps. Kurk and Bettencourt spoke in favor.

Rep. Gary Richardson spoke against and requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Bettencourt moved that **CACR 14**, relating to public education. Providing that the Legislature shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and shall have full discretion to determine the amount of state funding for education, be laid on the table.

On a division vote, 221 members having voted in the affirmative and 158 in the negative, the motion failed lacking the necessary three-fifths vote.

Rep. Vaillancourt moved Inexpedient to Legislate.

On a division vote, 356 members having voted in the affirmative and 24 in the negative, the motion was adopted.

SPECIAL GUESTS ADDRESSED THE HOUSE

Presidential candidates, the Governor of Texas, Rick Perry and former Governor of Utah, Jon Huntsman, addressed the House.

The House recessed at 10:55 a.m.

GOVERNOR'S VETO MESSAGE ON HB 474-FN

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 11, 2011, I vetoed HB 474. States should not interfere with the rights of businesses and their employees to freely negotiate contracts. That is unless there is a compelling public interest, and there is no compelling public interest in passing this legislation. There is no evidence that this legislation will offer any benefits to New Hampshire's economy or workers. As I have said repeatedly, New Hampshire has an economic strategy that is working. New Hampshire has one of the strongest and fastest-growing economies in the nation. We have one of the lowest unemployment rates and one of the highest median incomes in the nation. We are considered one of the safest states and one of the healthiest states, and a high percentage of our citizens have private health insurance. New Hampshire has a lower unemployment rate and a stronger economy than most states with so-called right-to-work laws. In states with a right-to-work law, workers on average have a lower standard of living, bringing home less in their paychecks and going without health insurance more frequently. In my time as a CEO, in my years spent in the private sector turning around companies, and in my seven years as Governor, I have never seen the so-called right-to-work law serve as a valuable economic development tool. In the last seven years of recruiting businesses to move to New Hampshire, not one business leader has ever even asked me if New Hampshire had a right-to-work law, let alone suggested it was a factor in the company's location decision. No New Hampshire business leaders have ever told me that the lack of a so-called right-to-work law prevented them from expanding or hiring new workers here in New Hampshire. And no New Hampshire workers have ever told me they couldn't get a job because New Hampshire doesn't have a so-called right-to-work law. The debate over the so-called right-to-work bill in New Hampshire appears to be largely driven by national outside interest groups, and is not a result of problems facing New Hampshire businesses

or workers. There is no justification in this case for state government to interfere with the right of private businesses to freely negotiate and enter into contracts with their employees. Therefore, I am vetoing HB 474.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **HB 474-FN**, relative to freedom of choice on whether to join a labor union, become law?

Reps. Weyler and Gary Daniels spoke in favor.

Rep. Infantine spoke in favor and yielded to questions.

Reps. Herbert Richardson, Marshall Quandt and Goley spoke against

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 542-FN

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed HB 542, an act relative to exceptions for objectionable material in public school courses. I am vetoing this legislation because it does not clearly define what material would be objectionable; it would be disruptive to classrooms and other students; and it would be difficult for school districts to administer. Current law already allows for parents to remove their children from classrooms for particular lessons on health or sex education. Given the strong moral and religious issues inherent in those subjects, that is appropriate. But this legislation goes far beyond that. HB 542 would allow a parent to determine any course material is "objectionable" and require school districts to work with parents to develop an alternative. This legislation in essence gives every individual parent of every student in a classroom a veto over every single lesson plan developed by a teacher. For example, under this bill, parents could object to a teacher's plan to: teach the history of France or the history of the civil or women's rights movements. Under this bill, a parent could find "objectionable" how a teacher instructs on the basics of algebra. In each of those

cases, the school district would have to develop an alternative educational plan for the student. Even though the law requires the parents to pay the cost of alternative, the school district will still have to bear the burden of helping develop and approve the alternative. Classrooms will be disrupted by students coming and going, and lacking shared knowledge. Just as important, this legislation will fundamentally damage educational quality. Much of the genesis behind this legislation is objections to certain books that have been used in lessons. This is a perennial debate, and teachers and schools have a responsibility to ensure they are using age-appropriate, school-appropriate materials in their classrooms. The intrinsic value of education is exposing students to new ideas and critical thinking. This legislation encourages teachers to go the lowest common denominator in selecting material, in order to avoid "objections" and the disruption it may cause their classrooms. Because it is unclear what educational material or programs would be objectionable and the quality of education in the classroom could be impacted, I am vetoing this bill.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **HB 542-FN**, relative to exceptions for objectionable material in public school courses, become law?

Rep. Gorman spoke against.

Rep. Flanagan spoke in favor.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today, it be to meet Wednesday, January 4, 2012 at 9:00 a.m.
Adopted.

UNANIMOUS CONSENT

Rep. Winfred Hutchinson addressed the House.

MOTION TO PRINT REMARKS

Rep. Graham moved that the remarks made by Rep. Winfred Hutchinson be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Winfred Hutchinson: Thank you, Mister Speaker. Mr. Speaker and colleagues, I rise to congratulate the Manchester Central High School marching band for being invited to the 70th anniversary memorial of the attack on Pearl Harbor and to recognize the band members, their parents, staff and alumni as well as the office of Mayor Ted Gatsas for helping raise \$200,000 to pay for the trip to Oahu. As part of the overall project, the band learned about the connection between Central and the attack 70 years ago. There were three Central alumni killed in action that fateful day. David L. Crossett, United States Navy, Central class of 1936, killed in action on the USS Utah; Joseph Rozmus, United States Navy, Central class of 1939, entombed in the USS Arizona; and Joseph J. "Little Joe" Jedrysik, Central class of 1939, PFC Army Air Corp. Little Joe's story is perhaps the only one that we know the details of on that fateful day. There was a Big Joe and a Little Joe stationed at Hickam and both were chaplain assistants at the chapel. "Big Joe" Joseph Nelles was the assistant for the Catholic services. "Little Joe" PFC Joseph Jedrysik was the assistant for the Protestant services. Big Joe was in the chapel at 7 a.m. preparing for Mass and Little Joe had just finished breakfast and was walking across the field to the chapel when the attack started. Little Joe saw the chapel take a direct hit. He could have run for cover but he instead ran to a machine gun placement near the flagpole on the field and started firing on the attacking planes. Joe died a hero in a subsequent bomb blast. The chapel presently at Hickam is named in honor of Joe Nelles; however, the courage of Little Joe embodies the spirit of the young people of the day and the youngsters in the band take a sense of pride from his story. Today, they call it Central Pride and as an alumni of that school, I call it American pride, passed down from the proud people of New Hampshire in history to the city and schools of Manchester and the rest of the state. Little Joe embodied that pride and the 113 young kids in that band are going to Oahu to honor Joe and all who died on that day 70 years ago. They represent their school, their city, their state and their country well. Godspeed to them on their journey and congratulations to the "Little Green" marching band. Thank you, Mister Speaker.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the reading-in of petitions, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Adopted.

RECESS**COMMITTEE ASSIGNMENTS**

The Speaker made the following changes to committee assignments:

Rep. Gary Hopper off Fish and Game and Marine Resources and on Judiciary.

Rep. Norman Tregenza off Judiciary and on Fish and Game and Marine Resources.

RECESS**(Speaker O'Brien in the Chair)**

The Speaker called the recessed session of November 30, 2011 to order at 9:00 a.m.

CLERK'S NOTE

Although the 11/30/11 Session continues here, the actual date is January 4, 2012.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by the Most Reverend Peter Anthony Libasci, Bishop of Manchester.

O God, who arranges all things according to a wonderful design and in whose hand lies every

human heart and the rights of peoples, graciously receive the prayers we pour out to You for our state, that through the wisdom of its leaders and the integrity of its citizens, harmony and justice may be assured and lasting prosperity come with peace. Look with favor on the assembled for whom we now pray and mercifully pour out upon them the spirit of Your wisdom, that they may decide everything for the well-being and peace of all and may never turn aside from Your will. For Yours is the Kingdom and the Power and the Glory forever and ever. Amen.

Representative Lenette Peterson, member from Merrimack, led the Pledge of Allegiance.

The National Anthem was sung by the Henderson family of New Boston; Bryan, Anna, Jeff, Emma, Maisy and John.

LEAVES OF ABSENCE

HOUSE RESOLUTION NO. 14

Memorializing State Representative Sean C. Cox of Andover

WHEREAS, we have learned with profound sorrow of the death of our friend and colleague, Sean C. Cox, who was serving his first term as a State Representative, representing the citizens of Andover, Boscawen, Canterbury, Loudon, Northfield and Salisbury; and

WHEREAS, Sean C. Cox served with diligence and enthusiasm on the Science, Technology and Energy Committee, receiving praise from committee colleagues regardless of party, for his attentiveness and quest for understanding; and

WHEREAS, Sean Cox was an avid snowboarder who instructed others, enjoyed baseball and football, was a teenage survivor of cancer, was inspired by James Madison, enjoyed spending time with friends at the town beach on Highland Lake in Andover and according to wife Lori, "felt really blessed to call New Hampshire home;" and

WHEREAS, Sean Cox always admitted he was bad with remembering names and so found it funny to be assigned a seat between two Representatives named Kevin; and

WHEREAS, Sean Cox was a lover of knowledge, having had a scholarship named for him at Rocky Hill School awarded to students who exhibit both excellence and promise in mathematics and science, and went on to a degree in engineering from Rensselaer Polytechnic Institute, an MBA from New York University and then another degree in culinary arts; and

WHEREAS, as evidenced from his lifelong pursuit of education, Sean Cox embodied his favorite quote by author Robert Heinlein which reads, "A human being should be able to change a diaper, plan an invasion, butcher a hog, conn a ship, design a building, write a sonnet, balance accounts, build a wall, set a bone, comfort the dying, take orders, give orders, cooperate, act alone, solve equations, analyze a new problem, pitch manure, program a computer, cook a tasty meal, fight efficiently, die gallantly;" and

WHEREAS, above all, Sean C. Cox was a devoted family man who married his first love Lori, and most recently was a deeply caring stay-at-home dad to sons Aiden and Kieran; now, therefore, be it **RESOLVED**, by the House of Representatives in Regular Session convened, that Sean C. Cox be granted the highest praise and accolades and our profound thanks for his service to his state and the town he called home, and, be it further

RESOLVED, that expressions of our most heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered by the House of Representatives.

Adopted unanimously by a rising vote.

MOMENT OF SILENCE

A moment of silence was observed in honor and memory of Representative Sean Cox.

MOTION TO PRINT REMARKS

Rep. Gary Richardson moved that the remarks made by Speaker O'Brien be printed in the Permanent Journal.

Adopted.

MEMORIAL REMARKS

Speaker O'Brien: I thought I could give you a sense of who our departed colleague, Sean Cox, was by reading a speech given by his wife at a Toastmaster's affair several weeks before Sean passed on. She says, "I was at the library this summer and ran across a book entitled *You know you're in New Hampshire when.....* One particular entry made me laugh, "You know you're in New Hampshire when your neighbor is a state representative and your neighbor's neighbor is a state representative," and it made me laugh because soon after I moved to New Hampshire, I joined my town's 4th of July committee and met two of the 400 state representatives and that also hit rather close to home, because there is a state rep. living in my house. So how did all this start? My husband, Sean, was spending way too much time reading political commentary and I was getting fed up. I told him, in a rather exasperated tone, "Stop wonking and actually do something." He actually did something. He worked on a presidential campaign and he ran for school board and lost by a significant margin. He came in last place. I thought that was the end of his political aspirations. I was wrong. In early 2010, after seeing a few odd pieces of mail that seemed to be aimed at candidates for political office, Sean finally announced that he was running for state rep. I wasn't thrilled at the prospect and I told him that he could have the time needed to run a campaign and attend meetings but that was where my support ended. I was not going to campaign for him or attend any political events. He agreed to this. I also didn't think he had any chance of being elected. We live in a small town with just over 2,300 residents and the district is comprised of 6 towns; 3 of which are larger than ours. There would be a primary in September and the family was taking a 2-week long road trip in August and there was also the incumbent factor. The district had 4 Democrat and 2 Republican representatives and all but one were running for reelection. I honestly believed that the campaign would be over after the primary, but Sean made it through the primary, finishing sixth out of seven candidates. November came around and I was sure that the incumbents would be reelected, leaving only one open seat for a newcomer. I sat at home election night watching the results come in. The first precinct's results didn't look promising. After the second and third precincts reported, Sean was in 6th place, which meant he had a chance. I turned off the computer and got the phone call from Sean with the results. There was a Republican sweep in the Merrimack 6 District. He had been elected. It took a while for the news to sink in. In fact, I was sitting in the gallery of the House Chamber still in disbelief that I was there to watch my husband take the oath of office. It has been almost a year since Sean got elected. Life has been a bit more chaotic with trying to coordinate schedules and we've had to prepare for the possibility of the legislative session going into the early morning. Fortunately, that did not happen. We get more mail and phone calls and Sean's email volume has dramatically increased. It has been interesting to learn which issues people in the state are especially passionate about. It was pretty clear that hot button issues such as gay marriage, the right to work bill and the cuts to the biennial budget would receive a lot of attention, but who knew that people cared so much about the speed limits on Lake Winnepesaukee? And, the boys have gotten some unexpected perks like getting to view Concord from the State House dome, which is not open to the public. Fortunately, I have not had to attend any political events, except the ceremony to celebrate the opening a new

section of the Northern Rail Trail, but I had a separate reason for attending; I was performing with the community band at the event. Having to take care of the kids has usually provided a way out of events. Since statewide elected offices are two-year terms, it is nearly time to start thinking about elections again. Sean isn't sure whether he is running again, but thankfully he has made it clear to me that higher offices are not part of his future plans. I'm not sure how I feel about a second term. The pay is lousy, \$100/year plus mileage, and some of his responsibilities cut into the family time. I do feel that he does a good job listening to constituents and helping them to the extent that he is able. I believe that he has been assigned to the right committee based on his background, Science, Technology and Energy, and that his heart is in this job. So, in short, being a politician's wife, at least a NH state representative's wife, has not been the burden that I was expecting and I actually feel better knowing that my husband actually listened to me and finally did something."

I would ask all of you to carry Sean Cox and his special grace and his dignity in our memories. His example of dedication to the public will serve us well as we serve the remainder of this term and as we go forward in other endeavors to serve the people of New Hampshire. Thank you.

(Speaker O'Brien in the Chair)

GOVERNOR'S VETO MESSAGE ON HB 218

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed HB 218, relative to the New Hampshire rail transit authority. I am vetoing this legislation because business leaders, particularly in Nashua and Manchester, has clearly said that this bill will hurt their efforts to grow their businesses, to create jobs and to attract new companies to New Hampshire. The New Hampshire business community has made a clear statement that it sees rail, in the words of the Greater Manchester Chamber of Commerce, as "a proven economic catalyst that will spur economic development and create jobs." Several major companies have made clear that they believe rail will improve their ability to attract workers, access their markets, attract additional customers and grow their businesses in New Hampshire. In addition, the Manchester and Nashua chambers of commerce both believe that developing the state's rail infrastructure will assist their efforts to attract new businesses and jobs to the state. That is one reason both Chambers have asked me to veto this legislation. The Merrimack Town Council, the Bedford Town Council, and the Nashua Board of Aldermen have also passed resolutions expressing support for expanded rail service and the benefits it would bring to their communities. The support of the business community is validated by an independent study that concluded that the development of rail in the capital corridor could result in more than \$2.4 billion in new business sales and nearly 1,000 new jobs created and sustained in New Hampshire in the first twenty years of operation. HB 218 makes substantial changes to New Hampshire Rail Transit Authority that will reduce its ability to fully consider all transit options for the state. New Hampshire businesses banded together to raise \$120,000 to fund the Rail Authority's grant application without any state funds because they believe a full consideration of rail is important to New Hampshire's economic future. Going back on our commitment to the businesses who contributed funds to pay for grant applications sends the wrong signal to the private sector about state government's willingness to stand by its commitments. We should see the study through to its conclusion with a fully functioning Rail Authority so that we can make informed policy choices about the best way forward for our state. Concerns about specific provisions in the Rail Authority statute could have been addressed through much more narrowly drafted language that would leave intact important functions of the rail authority. As currently written, this legislation takes away the rail authority's ability to enter into contracts with partner organizations, to accept gifts and to work with the private sector on economic development projects adjacent to potential rail sites. Given the strong concerns among New Hampshire business leaders that this legislation will jeopardize their efforts to grow their businesses and create new jobs, I am vetoing House Bill 218.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **HB 218**, relative to the New Hampshire rail transit authority, become law?

Reps. Dan McGuire, William Smith and Kurk spoke in favor.

Reps. Rhodes and Scontsas spoke against.

Rep. Hikel yielded to questions.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 380

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 13, 2011, I vetoed HB 380, which would have exempted the Commission on the Status of Men from repeal on June 30, 2011. The Commission on the Status of Men was established by the New Hampshire Legislature in 2002, with a mission to examine cultural biases and stereotyping affecting men, men's physical and mental health problems, and promote policies, initiatives and programs to improve the ability of men to be productive and responsible citizens and fathers. The New Hampshire Legislature established the Commission on the Status of Women in 1969 with a mission to identify and seek to remedy historical and institutional discrimination against women; to enhance women's opportunities in education and training, business and employment; and to honor women for their contributions to the state and the nation. The impetus to create a Commission on the Status of Men was driven at least in part by a perception by some that issues impacting men were deserving of commission level status and review that had been afforded to women. To help make state government more efficient, reduce cost, and eliminate waste and duplication, the Legislature in 2009 established a process to review and sunset certain non-regulatory boards and commissions. As a result of that process, dozens of boards and commissions were recommended for repeal, including both the Commission on the Status of Women and the Commission on the Status of Men. With the enactment of HB 390, the Commission on the Status of Women has ceased its existence as a state entity. Its work and mission will be merged with and carried on by a private non-profit organization. At the same time the Legislature repealed the existence of the Commission on the Status of Women, it also passed HB 380, which extended the life of the Commission on the Status of Men by two years, added two new members appointed by the Legislature, and expanded the mission of the Commission to include studying the economic and social costs of the absence of fathers from the home. People may in good conscience disagree and debate the relative merits of the two commissions. But there can be little disagreement that eliminating the Commission on the Status of Women while extending the Commission on the Status of Men makes little sense. If the Commission on the Status of Men wishes to continue its work and mission, it should do so in the same way as the Commission on the Status of Women, as part of private or non-profit organization. For these reasons, I am vetoing HB 380.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor's veto, shall **HB 380**, exempting the commission on the status of men from repeal on June 30, 2011 and adding a duty to the commission, become law? Rep. William Smith spoke against and yielded to questions.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON SB 57

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on July 6, 2011, I vetoed SB 57, relative to regulation of title loan lenders. I am vetoing this legislation because legalizing excessive interest rates for title loans – rates of 300 percent APR – would be detrimental to our families, our communities, and to our economy. Thirty-one other states – including all the other New England states – ban these types of excessive interest rates. In 2006, Congress passed and former President George W. Bush signed federal legislation capping the interest rate on title loans to members of the military at 36 percent APR. In addition, SB 57 was strongly opposed by large numbers of Republicans and Democrats in the legislature, the New Hampshire Local Welfare Administrator's Association, AARP, the Banking Department, the Department of Justice, the New Hampshire Community Loan Fund and New Hampshire Legal Assistance. In 2008, bipartisan legislation supported by the Banking Department, the former Attorney General, communities and many others, capped interest rates on title and payday loans at 36 percent APR. That change was reasonable and well thought-out. There is no evidence that reversing that law would benefit New Hampshire. On the contrary, there is significant evidence that it would harm our state and families. New Hampshire currently caps interest rates for title loans at 36 percent APR. This legislation would have allowed significantly higher interest rates for loans made against the title of a car. For example, under this bill, a family who took out a \$500 loan against their car would pay \$1,187 in principal and interest over the maximum 10-month life of the loan. At the same time, companies would be allowed to loan without any inquiry into a borrower's ability to repay the loan and would even be allowed to loan to people receiving local welfare assistance. Failure to repay a loan could lead to seizure of the family car, which is often essential for family members to maintain employment. For vulnerable families, these excessive interest charges could force them further into a cycle of debt, and potentially onto public assistance. The New Hampshire Local Welfare Administrator's Association said the "temporary relief" that may come from a title loan "often comes at the cost of enslaving recipients in a cycle of increasing debt for basic needs, causing an ultimate crash and

the need to come to the legal welfare office.” Frequently, the welfare administrators said, families end up worse off than before they took out the loan. That cycle of debt hurts our families, hurts our local communities, and ultimately our economy. Therefore, I am vetoing SB 57.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor’s veto, shall **SB 57**, relative to regulation of title loan lenders, become law?

Reps. Sanborn, Tamburello, James Belanger and Gidge spoke in favor.

Rep. Hunt spoke in favor and yielded to questions.

Rep. Ladd spoke against.

Reps. Bolster and Flanagan spoke against and yielded to questions.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

REMOVED FROM THE TABLE

Rep. Bettencourt moved that **SB 3-FN-A-L**, making comprehensive changes to the state retirement system, be removed from the table.

On a division vote, 319 members having voted in the affirmative and 44 in the negative, the motion was adopted.

GOVERNOR'S VETO MESSAGE ON SB 3-FN-A-L

By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 15, 2011, I vetoed SB 3, making comprehensive changes to the state retirement system.

Even as this bill sits on my desk with a deadline of today, members of the ongoing conference committee on HB 1 and HB 2 have publicly announced that they will consider substantive changes to this legislation, a version of which is already included in HB 2. Those changes include potentially addressing decisions made yesterday by the Board of the Retirement System that could impact the budgets of the state and local communities. Given the legislature’s stated intent to change this legislation further, and my responsibility to review the legislation in its full and final form, I am vetoing Senate Bill 3 and will assess the legislature’s final product.

Respectfully submitted, John H. Lynch, Governor

The question being, notwithstanding the Governor’s veto, shall **SB 3-FN-A-L**, making comprehensive changes to the state retirement system, become law?

Rep. Lynne Ober spoke against.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

RECONSIDERATION

Having voted with the prevailing side, Rep. Kurk moved that the House reconsider its action whereby, on a roll call vote of 244-130, it sustained the Governor's veto of **HB 542-FN**, relative to exceptions for objectionable material in public school courses.

Rep. Hess spoke in favor.

Rep. Gorman spoke against.

On a division vote, 256 members having voted in the affirmative and 115 in the negative, the motion was adopted.

The question now being, notwithstanding the Governor's veto, shall **HB 542-FN**, relative to exceptions for objectionable material in public school courses, become law?

Reps. Gorman and Ladd spoke against.

Reps. Flanagan and Balboni spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.
